

Morganton's Catawba River Soccer Complex plays host to a multitude of regional and local sports tournaments, games, and events throughout the year. It is a facility that is utilized by schools and local and regional sports organizations, and has fostered growth and participation in competitive sports in the area.

Case Farms is proud to be part of an initiative that will continue to ensure the soccer complex remains a local and regional success. The North Carolina Parks and Recreation Trust Fund (PARTF) recently awarded money to Morganton Parks and Recreation to aid in the completion of Phase III of the Catawba River Soccer Complex. Part of this project will also be funded by a \$75,000 donation from us. Our donation to this project will go toward funding a new shelter and playground in the area.

Case Farms is proud to continue partnering with the City of Morganton to ensure it is a great place for all of us. We are a long-running sponsor of the Historic Morganton Festival, which draws thousands upon thousands of residents and visitors into the heart of the city for a two-day street festival where everyone can enjoy live music, food, arts and crafts, and vendors. This year's festival was sold out and saw record-setting attendance.

Our decision to partner with the City of Morganton in this recent endeavor of improving the Catawba River Soccer Complex and Catawba River Greenway is part of our ongoing commitment to being part of our local community, where we all live, work and play.

Site plan for Phase III of the Catawba River Soccer Complex, which includes two multi-purpose fields, an Overmountain Victory National Historic Trail addition, a shelter, a dog park expansion and playground.
