

Case Farms is proud to partner with G4G (“Grill For God”), to make an impact in fighting hunger and bringing hope to the hopeless. We recently supplied chickens that were used to feed approximately 300 homeless and lower income people near Statesville, NC.

G4G fed 6,000 impoverished people last year, meeting their needs in their community or in some cases under bridges. They prayed for thousands of people and provided them with free clothing, and are on track to feed 8,000 people this year.
